

## Table Top Exploration

Beanbag Shapes

### Play suggestion:

Create an exciting tabletop adventure with the beanbags and a variety of other materials! Tamariki can explore, touch, and compare sizes and textures of the materials with their friends in this interactive learning experience. Encourage them to share what they're experiencing as well, including what they like and dislike, to improve their communication skills.

This activity supports Te Whāriki Contribution Goal Three.

### What tamariki will learn:

- Shapes, sizes and patterns.
- The ability to express their ideas, likes and dislikes.
- A range of strategies and skills to play and learn with others.

This activity helps to meet Te Whāriki Contribution Learning Outcome Three.
